

Safety Manual

English

This document includes statutory safety instructions and statements, warranty information, environmental information and a CE Declaration. Please read this document carefully before installing your new unit.

Important Safety Instructions

The lightning flash within an equilateral triangle is intended to alert you to the presence of uninsulated dangerous voltage within the product's enclosure that may be of sufficient magnitude to constitute an electrical shock to persons.

A

The exclamation point within an equilateral triangle is intended to alert you to the presence of important operating and maintenance (servicing) instructions in the literature accompanying in the apparatus.

CAUTION: To reduce the risk of electrical shock, do not dismantle the apparatus. There are no user serviceable parts inside. Refer servicing to qualified personnel.

- Read these instructions
- · Keep these instructions
- Heed all warnings
- · Follow all instructions
- · Clean only with a dry cloth
- · Before handling the product, remove rings, bracelets and any other adornments that might damage the surface.
- Do not install near any heat sources such as radiators, heat registers, stoves or other apparatus (including amplifiers) that
 produce heat.
- Unplug the apparatus during lightning storms or when unused for long periods of time
- To comply with current European safety regulations is it essential that the Harbeth loudspeaker connectors supplied are used.
- Do not under any circumstances allow anyone to modify your Harbeth equipment without first checking with Harbeth. Unauthorised modifications will invalidate your guarantee and may pose a safety risk.
- Equipment must not be exposed to dripping or splashing and no objects filled with liquid should be placed on the equipment.
- · For your own safety do not under any circumstances open Harbeth equipment.
- Where the mains plug or an appliance coupler is used as the disconnect device, the disconnect device shall remain readily
 operable. To disconnect the equipment from the mains, remove the mains plug from the mains outlet.
- Protect the power cord from being walked on or pinched.
- Replace fuses only with the same or equivalent type and specification as marked on the apparatus.
- Prolonged listening at high volume levels may cause hearing damage
- This equipment has been tested and found to comply with the relevant EMC and Safety Standards, and, where applicable, also complies with limits for a class A digital device, pursuant to Part 15 of the FCC rules.
- These limits are designed to provide reasonable protection against harmful interference in a residential installation. This
 equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the
 instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not
 occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be
 determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the
 following measures:
- Reorient or relocate the receiving antenna
 Increase the separation between the equipment and the receiver
 Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
 Consult the dealer or an experienced radio/TV technician for help
- Note

To the fullest extent permitted by applicable law, Harbeth Audio Ltd. disclaims all liability for any loss or damages whether real, incidental or consequential that arise from using this product.

FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

- Only operate the device in accordance with the instructions supplied. This device complies with FCC radiation exposure limits set forth for an uncontrolled environment. In order to avoid the possibility of exceeding the FCC radio frequency exposure limits, human proximity to the antenna shall not be less than 20cm (8 inches) during normal operation. Changes or modifications not expressively approved by the party responsible for compliance could void the user's authority to operate the equipment.
- IC Statement

This device complies with Industry licence-exempt RSS standard(s). Operations are subject to the following conditions: (1) This device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

The device meets the exemption from the routine evaluation limits inspection 2.5 of RSS 102 and compliance with RSS-102 RF exposure.

CE Declaration of Conformity

Harbeth Audio declares that Harbeth Audio products are in conformance with:

- 2014/35/EU Low Voltage Directive (LVD)
- 2014/30/EU Electromagnetic Compliance Directive (EMC)
- 2014/53/EU Radio Equipment Directive (RED)
- 2011/65/EU Restriction of Hazardous Substance Directive (RoHS) - 2012/19/EU - Waste of Electrical and Electronic Equipment (WEEE)
- 2009/125/EC Energy Related Product Directive (ErP)
- 2009/125/EC Energy Related Product Directive (ErP)

Warranty

Harbeth Audio products are designed and manufactured to the highest of quality of standards. However, if something does go wrong with the product, Harbeth and its distributors warrant free-of-charge labour (exclusions may apply) and replacement parts in any country served by an official Harbeth Audio distributor (please refer to the Harbeth website).

Terms and Conditions

This warranty:

- Is valid for products purchased from an authorised Harbeth retailer or dealer.
- Is valid from the date of purchase for a period of one year, extendable to five years for passive loudspeakers and two years for
 powered loudspeakers should you register the product through the Harbeth website within 14 days of purchase (please see the
 Harbeth website for more information), except that exclusions apply in certain countries in line with national law. Please consult
 your Harbeth distributor in your country for detailed information.
- Is limited to the repair of the equipment. Neither transportation, nor any other costs, nor any risks for removal, transportation and
 installation of products is covered by this warranty.
- Is only valid for the original owner. It is not transferable.
- Will not be applicable in cases other than defects in materials and/or workmanship at the time of purchase and will not be applicable:
- A: For deterioration of component parts, the nature of which is to become worn or depleted with use
- B: For any interoperability issues with third-party products; unless we explicitly specify this intent.
- C: For damages caused by incorrect installation, connection or packing
- D: For damages caused by any use other than the correct use described in the user manual, negligence, modifications, or use of parts that are not made or authorised by Harbeth Audio Ltd.
- E: For damages caused by faulty or unsuitable ancillary equipment
- F: For damages caused by accidents, lightning, water, fire heat, war, public disturbances or any other cause beyond reasonable control of Harbeth Audio Ltd and its appointed distributors.
- G: For products whose serial numbers have been altered, deleted, removed or made illegible.
- H: If repairs or modifications have been executed by an unauthorised person.

How to claim repairs under warranty

Should you have any concerns regarding the performance of your product, please contact the official Harbeth retailer from whom your purchased the product through.

To validate your warranty, you will need to produce the original sales invoice or other proof of ownership and date of purchase.

The extended warranty registration form can be found on the Harbeth website. Please scan the QR code below or search www.harbeth.co.uk/owners-registration.

Environmental Information

This product complies with international directives, including but not limited to:

- The Restriction of Hazardous Substances (RoHS) in electrical and electronic equipment.
- The disposal of Waste Electrical and Electronic Equipment (WEEE). Consult your local waste disposal authority for guidance on how properly to recycle or dispose of this product.

Disposal of product packaging can be found on the Harbeth website. Please scan the QR code below or search www.harbeth.co.uk/recycling.

EU Declaration of Conformity

Harbeth Audio hereby declares that this product is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU, 2011/65/EU, and amendment Directive (EU) 2015/863 and EC regulation 1275/2008 and its frame work directive 2009/125/EC including amendment 801/2013. The complete Declaration of Conformity can be found on the Harbeth website. Please scan the QR code below or search www.harbeth.co.uk/compliance.
